

BUSINESS IMPROVEMENT DISTRICT

BID Area Business Support Information - COVID-19 Updated 25th March 2020

Working with the NCP and our Local Authority key/essential workers in the city centre can now park free at that these hugely challenging times for all.

Car parking in Swansea city centre council and NCP car parks (except Kingsway) will be **FREE**. The Local Authorities St David's and Quadrant car parks closed as of yesterday 24/3/2020, as will Park and Ride services.

These changes are being made in the interests of key workers and those who have to visit the city centre to do their shopping. This will help prevent people from congregating on buses or at the St David's and Quadrant sites.

We would like to **sincere** thank NCP car parks and the City & County of Swansea for providing this offer. This team approach underlines that NOW is the time for us all to be strong and for us all to realise that we can and will come through this working together to turn all our fire power on the virus.

We will keep you updated the best we can on COVID-19 via our social media channels and website - <https://www.swanseabid.co.uk/documents/>
