

Eat out to help out

An at-a-glance guide for businesses

The "Eat out to help out" scheme offers a 50% discount for every diner, up to £10 a head, from Monday to Wednesday throughout August.

The scheme will cover food and non-alcoholic drinks only.

The 50% discount can be used an unlimited amount of times during August and applies to participating restaurants, cafés, and pubs across the UK.

Businesses can register for the scheme online from 13 July 2020

Each week in August, businesses can then claim the money back, with the funds in their bank account within five working days
